**Erewash Citizens Panel- September 2005 survey**

I am pleased to enclose the questionnaire for the latest survey of the Citizens Panel. Accompanying the questionnaire is an information leaflet titled 'The new planning system: introduction to the Local Development Framework', a second information leaflet titled 'Derbyshire's Joint Municipal Waste Management Strategy' and the Summer newsletter.

The September survey covers 7 topic areas. Erewash Borough Council is seeking information on current taxi use and is interested in your responses to suggestions for improving the taxi service. The Borough Council also wants to find out how aware local residents are of the current programme of events which the Council runs and what new types of events are likely to be popular, and to find out if and how people would like to be involved in the new land use planning system which will operate across Erewash. Derbyshire County Council is asking for your views on it's mineral and waste development framework, it's local transport planning and also trying to identify your concerns and priorities regarding road safety and casualty reduction. There are also joint district and county questions relating to Derbyshire's Joint Municipal Waste Management Strategy.

I would be grateful if you could complete and return the questionnaire in the FREEPOST envelope provided by **Monday 26 September**. The return address is to Derbyshire County Council which is undertaking this survey.

Please contact myself on 0115 931 6072 if you have any queries about this survey, and many thanks for your continued support in responding to the questionnaires.

Yours faithfully

*C.Y. Beatson*
