Morning James

A very disappointing and not very customer friendly response, although I appreciate some of your response is probably driven by processes set down by the Council.

Having the consultation responses when received is always more efficient. It allows us to consider and start preparing responses where needed, rather than waiting until the end of the period.

I am genuinely staggered that we are being forced to submit a freedom of information request to get representations. However, we will do this as advised.

Regards

Good morning Sam

It would not be more efficient to send statutory consultees' responses in the manner you have suggested.

If you wish to see a full copy of all the residents' responses, they can be requested via our freedom of information process. Please email your request to foi@erewash.gov.uk. These should be answered within 21 days.

I have no availability. If you put your questions in an email, I will respond as soon as I am able to.

Hi James

Thanks for the note. In order to make things more efficient I would be grateful if you could forward the consultation responses when they land please? Can you also please send a full copy of the all the residents responses please? It is always useful to understand the full context of what is being said and these are public documents!

On a separate note, are you around for a quick chat at some point this week? There are a couple of bits I would like to speak with you about.

Best

Dear Josie

This authority does not publish consultation responses. I will share statutory consultee responses with you following the close of the consultation period on 26/8/2022. I will also share a summary of responses received from local residents. For information, we have received 12 objections so far from local residents.

Dear James,

With regards to application above, have any consultee comments been received for this application yet that you can share with us?

Will you be uploading the comments on to the website or be forwarding them on to me directly?

Look forward to hearing from you.

Kind regards,

Josie Hobbs
