Council Tax Valuation Bands

Council Tax is charged on most properties and there is one band for each property, whether it is a house, bungalow, flat or caravan. Each property was put into one of eight bands based on the amount the property would have sold for on 1 April 1991.

Who pays Council Tax?

The person responsible for paying Council Tax will be the person who ranks highest on the following list:

1. Resident who owns the freehold of the property.
2. Resident who is the leaseholder.
3. Resident and is a statutory or secure tenant.
4. Resident and has a contract to live in the property.
5. Resident who lives in the property.
6. The owner of the property.

The person who owns a property will be responsible for Council Tax in the following circumstances: care/nursing homes, religious communities/ministers, houses in multiple occupation, asylum seekers and domestic servants.

Council Tax Support

The council operates a Council Tax Support Scheme to help those on a low income to reduce the amount they pay towards their Council Tax. We can also consider making a council tax discretionary payment, this is for those in receipt of council tax support who are experiencing hardship and have a shortfall between their council tax support and council tax.

For further information visit erewash.gov.uk We also have the power to grant Local Discretionary Relief on a case by case basis. If you are a Derbyshire care leaver under the age of 25, and paying council tax, we may be able to reduce the amount you pay.

Appeals to the Valuation Tribunal

In disputes regarding liability for Council Tax you have the right to appeal to the Valuation Tribunal. You must firstly send written details of your grounds for appeal to the council who must respond within two months. If you are not satisfied with the response you must submit your appeal to the Valuation Tribunal within two months of the council's decision being sent to you. If the council fails to respond you must appeal to the Valuation Tribunal within four months of your original appeal to the council.

Have you told us about your changes?

- Any Council Tax discount or exemption you may be receiving.
- Your Council Tax Reduction.

We will not count the following people when we are looking at the number of adults living in a property:

- Full-time students, student nurses, apprentices, people on youth training schemes and 18 and 19 year-olds at school (or have just left).
- Patients who live permanently in hospital, in care homes, in hostels for the homeless or night shelters.
- Severely mentally impaired persons who are in receipt of certain qualifying state benefits.
- Carers on low pay and carers for someone with a disability who is not their husband, wife, partner, or child under 18.
- Members of visiting forces and members of religious communities (including monks and nuns).
- People in prison (except for those in prison for not paying their Council Tax or a fine).
- Extended families who occupy an annex.

Empty Property

- Full Council Tax is charged on second homes (furnished properties where no-one lives or the owner lives elsewhere).
- A discount of 100% is allowed for three months from the date a property becomes substantially unfurnished and unoccupied.
- A charge of 100% Council Tax is payable after three months, including properties undergoing or requiring major or structural repair.
- Properties that have been vacant for more than 2 years are charged an additional premium of 50%, unless the dwelling is the sole or main residence of a member of the armed forces, who is absent from the property as a result of such service, or an annex deemed unoccupied because it is being treated by the occupier of the main dwelling, as part of that main dwelling.
- Job Related Dwellings will receive a 50% discount, for example, where a Council Tax payer has two homes, one of which is a job-related dwelling, as defined in the regulations.
- Occupied/furnished periods of less than 42 days are disregarded when considering a discount for a vacant dwelling.
