One of those conditions was as follows: With reference to the attached plan ERE/11 areas edged red shall be used for show areas with the area edged blue being kept clear for the parking and manoeuvring of customers cars. Access to the customer parking area shall be via the northern access on Brook Road and the area between the revised show and parking areas shall be kept free of all obstructions. The areas edged red and blue as referred to in the condition are shown on the plan attached to this Notice.
