

The Anti-Social Behaviour, Crime & Policing Act 2014 introduced the Community Trigger for those affected by anti-social behaviour who don't feel as though their concerns have been dealt with or acted upon by agencies.

The legislation requires partnerships to publish the ASB case review statistics as part of Community Triggers.

From 1 September 2015 to 30 September 2019:

- Applications received = 3
- Number of times the threshold has not been met = 0\*
- Number of case reviews carried out = 2
- Number of case reviews carried out that resulted in recommendations being made = 2

The next update will be at the end of March 2020.

*\*Application received in September, however a decision has not yet been made as to whether or not the threshold has been met. The outcome will be shown in next update*
